Section A – Asset Information:

Based on our review of your financial aid application and federal income tax return(s), we are requesting additional information to clarify the total value of your and/or your parents' assets. We note that you and/or your parents' 2015 federal income tax return(s) list asset-generated income (interest, dividends, capital gains, etc.), or the total value of the assets listed on your aid application is inconsistent with the information you reported on the tax returns. Because federal regulations require that discrepant family data be reconciled, we ask that you report below your and/or your parents' assets as of the date your Free Application for Federal Student Aid (FAFSA) was filed. **Please submit this form, along with supporting documentation (i.e., bank statements, Realtor's assessment, year-end statements, etc.), to the Office of Financial Aid.**
